

VILLAGE OF EAST DUNDEE

ORDINANCE 06-19

**SITING ORDINANCE FOR
POLLUTION CONTROL FACILITIES**

ADOPTED BY THE
PRESIDENT AND VILLAGE BOARD OF TRUSTEES
OF THE
VILLAGE OF EAST DUNDEE
THIS 19 DAY OF June, 2006

Published in pamphlet form
by authority of the President
and Board of Trustees of the
Village of East Dundee,
Kane County and Cook County, Illinois, this
____ day of _____, 2006

VILLAGE OF EAST DUNDEE

ORDINANCE 06-__

**SITING ORDINANCE FOR
POLLUTION CONTROL FACILITIES**

WHEREAS, the Illinois Environmental Protection Act (415 ILCS 5/39.2) provides the authority and direction to local municipalities for approving or disapproving requests for siting pollution control facilities within the corporate limits of such municipalities, and said Act further establishes the criteria to be utilized in reviewing and processing siting requests; and

WHEREAS, the Village of East Dundee has not previously adopted a Siting Ordinance which addresses the review of applications for siting of pollution control facilities within the corporate limits of the Village of East Dundee; and

WHEREAS, it is necessary and appropriate for the Village of East Dundee to adopt such an Ordinance; and

WHEREAS, it is in the best interests of the Village of East Dundee that such an Ordinance be approved and adopted;

NOW THEREFORE, be it hereby ordained by the Village Board of Trustees of the Village of East Dundee, Kane County and Cook County, Illinois, as follows:

**SECTION 1
APPLICABILITY**

This Ordinance applies to applications for site location approval of certain new pollution control facilities [as defined by Section 3.32 of the Illinois Environmental Protection Act (415 ILCS 5/3.32)]. Specifically, it is intended to apply to applications for site location approval for a "Transfer Station", as defined in Section 3.83 of the Illinois Environmental Protection Act (415 ILCS 5/3.83) designed and intended to accept "municipal waste" (as defined herein) for temporary storage or consolidation, and further transfer to a waste disposal, treatment or storage facility. To the extent a facility described in an application proposes to manage material which is not "waste" [as defined by Section 3.53 of the Illinois Environmental Protection Act (415 ILCS 5/3.53)], or proposes to conduct an activity which is excluded from the definition of a pollution control facility as defined by the Illinois Environmental Protection Act (415 ILCS 5/39.2), or proposes to conduct an activity which does not require a permit from the Illinois Environmental Protection Agency, this Ordinance does not govern such application, and authorization to locate such a facility shall be determined by the

Village's other ordinances and codes, including but not limited to those related to zoning, special use, building or environmental requirements, as applicable.

SECTION 2 **DEFINITIONS**

All words used in this Ordinance shall have the same meanings and definitions as the same terms are defined in the Environmental Protection Act, 415 ILCS 5/1, *et. seq.*, and the implementing and interpreting administrative rules and regulations in effect as of the date hereof, and as said statute and regulations and rules may be amended or modified from time to time.

Act. The Illinois Environmental Protection Act, 415 ILCS 5/1, *et. seq.*

Applicant. Any person, group of persons, partnership, firm, association, corporation, company or organization of any kind that files an application for local siting approval pursuant to this Ordinance.

Application. The document(s) filed by the applicant requesting local siting approval for a facility.

Village. Village of East Dundee, Illinois, an Illinois Municipal Corporation.

Clerk. The Village Clerk for the Village of East Dundee, Illinois.

Facility. A new pollution control facility, as defined in the Act.

Hearing Officer. The attorney appointed by the President of the Village to preside over the public hearing(s) associated with a siting application.

IEPA. The Illinois Environmental Protection Agency.

Municipal Waste. Garbage, general household and commercial waste, industrial lunchroom or office waste, landscape waste, and construction or demolition debris [as defined in Section 3.21 of the Act (415 ILCS 5/3.21)]. "Special Waste," including, but not limited to, potentially infectious medical waste, hazardous waste, industrial process or pollution control waste, and empty containers in which special waste has been stored, and as specifically defined in Section 3.45 of the Act (415 ILCS 5/3.45) shall be excluded from the definition of "municipal waste".

Transfer Station. A site or facility that accepts waste for temporary storage or consolidation, and further transfer to a waste disposal, treatment or storage facility, as defined in Section 3.83 of the Act (415 ILCS 5/3.83).

SECTION 3
NOTICE REQUIREMENT AND FILING FEE

(A) No later than fourteen (14) days prior to submittal of an application for site location approval, applicant shall cause notice of intent to submit such an application to all owners of property within 250 feet in each direction of the lot line of the subject property line, and to all members of the General Assembly from the legislative district in which the site is located. Notification must be in conformance with the provisions of Section 39.2 of the Act. Proof of compliance with the above-stated notification requirements must be submitted with the application.

(B) Each application for a new pollution control facility to be processed pursuant to this Ordinance shall include a Two Hundred Thousand Dollar (\$200,000.00) application fee. This fee shall be waived if the applicant is a duly constituted Illinois Municipality in good standing.

The applicable filing fee is intended to defray the reasonable and necessary costs of addressing and processing all aspects of the application, including, but not limited to, pre-filing review matters, cost of site inspections, clerical expenses, copying costs, space rental, hearing officer compensation, court reporter expenses, transcription costs, public notice expenses, staff review time, reasonable attorney fees, times and consultants retained by the Village (such as qualified professional engineers, planners, appraisers, environmental counsel, etc.) including test analysis, exhibit examination and other testimony (if any) provided by such consultants and professionals, as well as all other reasonable costs and expenses incurred in by Village staff in review and evaluation of the application, as well as all other relevant costs incident to consideration of all aspects of the application, the costs incident to preparing the record for appeal, and the cost of representing the Village on appeal in case of an appeal of the granting and/or denial of site location approval (the "Village's costs").

Any portion of the application fee that remains unexpended upon final resolution of the siting process (including appeals to the Illinois Pollution Control Board, Appellate Courts, Illinois Supreme Court, Federal Courts and any other administrative review) shall be returned to the applicant. Should there be any additional costs incurred by the Village in excess of the application fee, the applicant shall bear any and all additional costs, and shall promptly pay the same within thirty (30) days following written notice thereof. Applicant shall further be responsible to reimburse the Village for expenses and reasonable attorney's fees incurred by the Village as a result of any collection activity or litigation necessarily instituted by the Village to collect such additional costs.

SECTION 4
CONTENT OF APPLICATION

The following is a listing of the minimum content of applications for site location approval for a transfer station to be located within the Village of East Dundee. The applicant may, at its discretion, provide additional information with its application.

Written Presentation

- I. The Facility is Necessary to Accommodate the Waste Needs of the Area it is Intended to Serve.
 - A. Introduction
 - B. Economic Benefits of Facility
 - C. Service Area Identification*
 - D. Demographics of Service Area
 - E. Waste Generation Rates of Service Area
 - F. Existing Waste Disposal Network for Service Area
 - G. Future Waste Disposal Network for Service Area
 - H. Conclusion, Signed by Professional Expert

- II. The Facility is so Designed, Located and Proposed to be Operated that the Public Health, Safety and Welfare will be Protected.
 - A. Introduction
 - B. Site Legal and General Description*
 1. Survey Plat with Existing Structures*
 2. Identification of Property Owners
 3. Existing Topography of Site (Minimum Two Foot Contours)*
 4. Title Search of Property
 - C. Existing conditions of Site and Adjacent Properties*
 1. Historical Property Uses
 - D. Location Standards
 1. Residential Properties*
 2. Floodplain Limits*
 3. Archaeological Study
 4. Airport Study
 5. Groundwater Study
 6. Endangered Species Study
 7. List Covenants Recorded with the Property Deed
 8. Identification of Wetlands on Property
 - E. Site Design
 1. Entrance*
 2. Landscaping Plan*
 3. Access Roads and Interior Traffic Circulation*
 4. Security Measures to be Implemented
 5. Weight Station Location and Design*

6. Parking on Site*
 7. Vehicle Stacking Procedures*
 8. Utilities on Site*
 9. Office Structures
 10. Transfer Station Structure and Detailed Floor Plan*
 11. Water Supply, Water Capacity, and Facility's Water Requirements
 12. Stormwater Management Measures
 - a. Two Year, 24 Hour Design
 - b. 100 Year, 24 Hour Design
 - c. Basin Design and Release Rate
 - d. Sediment Control Measures
 - e. Erosion Control Measures (On-Site and Off-Site)
 - f. Drainage Flow Off-Site*
 - g. Site Location on USES 7.5 Minute Quadrangle Map*
- F. Operations
1. Hours of Operation
 2. Quantity of Waste Accepted
 3. Anticipated Quantities of Waste Received by Waste Type
 4. Identification of Acceptable Waste Types
 5. Waste Screening Procedures
 6. Waste Transfer Operational Plan*
 7. Overnight Storage of Waste on Site
 8. Waste Volume Throughput Analysis
 9. Identification of Disposal Sites and Permits
 10. Identification of Proposed Railroad Activities
 11. Recycling Activities on Site
 12. Equipment Requirements
 13. Facility Cleaning Procedures
 14. Load Checking Program
 15. Traffic Pattern (On-Site)*
 16. Facility for Employees
 17. Fueling Procedures
 18. Litter Control
 19. Vector Control Procedures
 20. Indoor Air Quality
 21. Outdoor Air Quality
 22. Odor Control Procedures
 23. Noise Control Procedures
 24. Training Personnel
 25. Fire Control Protection
 26. Lockout/Tagout Procedures
 27. Insurance Coverage
 28. Record Keeping Procedures
 - a. Daily Tonnage Receipts by Waste Type
 - b. In-County Daily Tonnage Receipts
 - c. All Regulatory Correspondence

- d. All Environmental and Regulatory Inspections
- e. Wastewater Generation and Disposal Records
- f. Load Inspection and Load Discrepancy Records
- g. Accident Records
- 29. Wastewater Generation and Handling
 - a. Wastewater Generation Calculations
 - b. Wastewater Storage Procedures
 - c. Wastewater Disposal/Treatment Procedures
- 30. Operational Contingency Plans
 - a. Equipment Failure
 - b. Interruption of Utility Service
 - c. Inclement Weather
 - d. Labor Strikes
- 31. Proposed Life of Facility
- 32. Final Closure
 - a. Waste Removal
 - b. Equipment Removal
 - c. Equipment Cleaning
 - d. Cost Estimate
 - e. Schedule
- G. Operator Information and Experience
 - 1. Articles of Incorporation
 - 2. Audited financial Statements
 - 3. Transfer Station Experience Within Illinois
 - 4. Summary of All Transfer Station Violations in Illinois
 - 5. Transfer Station Experience Outside Illinois
 - 6. Resume of Facility Manager
- H. Conclusion, Signed by Professional Expert

III. The Facility is Located so as to Minimize Incompatibility with the Character of the Surrounding Area and to Minimize the Effect on the Value of the Surrounding Property.

- A. Introduction
- B. Land Use/Zoning/Planning Study
 - 1. Site Zoning
 - 2. Adjacent and Surrounding Zoning*
 - 3. Adjacent and Surrounding Land Uses*
 - 4. Landscape Plan*
 - 5. Setbacks*
 - 6. Conformity with the Kane County 2020 Land Resource Management Plan
- C. Real Estate Impact Study
 - 1. Proposed Improvements
 - 2. Chicago Metropolitan Area Data and Kane County Area Data
 - 3. Transfer Site Area Study

- 4. Property Value Impact Study
 - D. Conclusion, Signed by Professional Expert
- IV. The Facility is Located Outside the Boundary of the 100 Year Flood Plain or the Site is Flood-Proofed.
 - A. Introduction
 - B. Location of 100 Year Floodplain*
 - C. Conclusion, Signed by Professional Expert
- V. The Plan of Operations for the Facility is Designed to Minimize the Danger to the Surrounding Area from Fire, Spills or Other Operational Accidents.
 - A. Introduction
 - B. Fire Prevention Measures
 - C. Spill Prevention Measures
 - D. Accident Prevention/Risk Management
 - E. Operational Contingency Plan
 - F. Conclusion, Signed by Professional Expert
- VI. The Traffic Patterns to, or from, the Facility are so Designed as to Minimize the Impact on Existing Traffic Flows.
 - A. Introduction
 - B. Methodology Used
 - 1. Traffic Characteristics of the Facility
 - 2. Traffic Assignment and Analysis
 - 3. Roadway and Site Access Requirements
 - C. Site Accessibility
 - 1. Site Location*
 - 2. Area Roadways*
 - 3. Proposed Roadway Improvements*
 - 4. Existing Traffic Volumes
 - D. Develop Traffic Characteristics
 - 1. Directional Distribution
 - 2. Estimated Site Traffic Generation
 - 3. Future Growth
 - E. Accident History of Key Intersections to, and from, Facility
 - F. Traffic Impact Analysis
 - 1. Site Access
 - G. Identification of Routing to Disposal Facility
 - H. Gap Study
 - I. Conclusion, Signed by Professional Expert
- VII. If the Facility will be Treating, Storing or Disposing of Hazardous Waste, an Emergency Response Plan Exists for the Facility which Includes Notification,

Containment and Evacuation Procedures to be Used in Case of an Accidental Release.

- A. Introduction
- B. Emergency Response Plan
- C. Conclusion, Signed by Professional Expert

VIII. If the Facility is to be Located in a County Where the County Board has Adopted a Solid Waste Management Plan Consistent with the Planning Requirements of the Local Solid Waste Disposal Act or the Solid Waste Planning and Recycling Act, the Facility is consistent with that Plan.

- A. Introduction
- B. Benefits of Facility
- C. Consistency with the Solid Waste Plan
- D. Conclusion, Signed by Professional Expert

IX. If the Facility will be Located Within a Regulated Recharge Area, Any Applicable Requirements Specified by the Board for Such Areas Have Been Met.

- A. Introduction
- B. Location of Regulated Recharge
- C. Conclusion, Signed by Professional Expert

NOTE: *Denotes that a graphic presentation or figure is required with the text.

SECTION 5

FILING PROCEDURES

(A) The applicant for site location approval shall file twenty-five (25) copies of the application, including ten (10) full-sized copies of exhibits and fifteen (15) reduced copies of all exhibits, with the Village Clerk, together with the appropriate site review application fee. The applicant is to provide up to ten (10) additional copies of the application to the Village upon request.

(B) The Clerk, upon receiving said application, shall do the following:

- (1) Accept for filing, and date stamp as filed, any application that is filed. The date on the date stamp of the Clerk shall be considered the official filing date for all time limit purposes. Receipt and acceptance of an application by the Clerk is *pro forma*, and does not constitute an acknowledgment that the applicant has complied with the Act or this Ordinance.

(2) Upon the filing of an application, the Clerk shall immediately distribute copies of the application to each member of the Village Board of Trustees then holding office, a copy to the President of the Village, a copy to the Village Administrator for the Village and a copy to the Village Attorney for the Village, and the Director of Public Works for the Village.

(3) The Clerk shall make available a copy of the application and public record concerning the application for public inspection during the normal business hours of the Clerk's Office. Additionally, the Clerk shall provide to any person so requesting, copies of the application or the public record, upon such person's payment of the actual cost of reproduction.

(C) Form of Applications.

(1) All applications shall be in writing on eight and one-half inch by eleven inch (8¹/₂" x 11"), eight and one-half inch by fourteen inch (8 ¹/₂" x 14"), or eleven inch by seventeen inch (11" x 17") paper.

(2) The pages of the application shall be consecutively numbered, and all exhibits shall be clearly marked and identified.

(3) The text portion of the application including exhibits or graphic presentations shall be furnished in electronic format. The electronic copy of the application documents should be on a Compact Disk (CD) or Digital Video Disk (DVD) that is readable by a standard IBM-compatible Personal Computer (PC). The format should be in Adobe PDF format or in another widely available format acceptable to the Village.

(D) Proof of service evidencing that copies of said application were served upon each municipality whose official boundaries are within one and one-half (1-1/2) miles of the property line of the proposed facility.

(E) Proof of notice, pursuant to Section 39.2(b) of the Act.

SECTION 6
HEARING PROCEDURES

(A) For each application filed, the President shall appoint a Hearing Officer to conduct the public hearing for that application. The appointments shall be confirmed by the full Village Board of Trustees of the Village within forty (40) days of the receipt of each application.

(B) The Hearing Officer shall preside over the public hearing, and shall make decisions concerning the admission of evidence and the manner in which the hearing is conducted. The Hearing Officer shall make all rulings in accordance with fundamental fairness and statutory and constitutional requirements. The Hearing Officer shall prepare a statement of findings at the conclusion of the public hearing and following the submittal of additional comments for the 30-day period following the public hearing.

(C) Within 45 days of the receipt of the application, the Hearing Officer shall meet and schedule the date(s), location and time for the public hearing. The public hearing shall be scheduled by the Hearing Officer to be conducted at a location which is reasonably expected to be large enough to accommodate the number of persons anticipated to attend.

(D) Within 60 days of the receipt of the application, the Village Clerk shall notify the applicant, in writing, of scheduled public hearing date(s), location and time.

(E) Within 65 days of the receipt of the application, the applicant shall publish notice of public hearing date(s), location and time, in a local newspaper(s) and notify, by certified mail, all members of the District General Assembly in which the proposed facility is located.

(F) No sooner than 90 days, but no longer than 120 days, from the date of receipt of the application, the Hearing Officer shall commence public hearings which are adequate to establish the facts in the case, provided that said hearing shall be conducted within the required time periods. All public hearings shall be conducted as follows:

1. A pretrial conference hearing shall be held not less than three (3) days prior to the date established for commencement of the hearing. At that time, the applicant, the Village and any other participants of record shall participate in such pre-conference hearing. The Hearing Officer shall establish the date, time and manner in which such pre-hearing conference shall be conducted. The pre-hearing conference may (at the discretion of the Committee) be conducted either in person or by teleconference. The purpose of the pre-conference hearing shall include (but not necessarily be limited to) the following: (1) determination of the criterion which will be placed in issue by any of the parties to the hearing, (2) to the extent necessary and practicable, address any pre-hearing issues which may have arisen, and (3) address any pre-hearing motion which has been filed or any motions which will

be presented on the first day of the hearing prior to the commencement of evidentiary testimony.

2. All persons desiring to be formal participants in the hearing, including members of the public, shall file their written appearance with the Village Clerk not less than seven (7) business days prior to the date scheduled for commencement of the hearing on the application, with copies of such appearance being provided by the participant to the applicant, the Village, and any other participants of record. Any person so appearing at such public hearing shall have the right to present testimony and witnesses. Any such person shall have the right to be represented by an attorney at said public hearing. Opportunity for any persons appearing at said public hearing to cross-examine any witness may be reasonably limited in time and duration by the Hearing Officer, to assure completion of the hearings in accordance with the deadlines of the Act. The Hearing Officer may propound questions to any witness or to the applicant to clarify the record established by the participants at the hearing or to bring out relevant information. If the Village is not the applicant, the Village shall be deemed a participant and a party to all proceedings, and shall proceed last with its case and cross-examination.
3. The applicant and the Village's counsel shall be allowed to cross-examine witnesses by right, subject to such reasonable limitation as may be set by the Hearing Officer. Cross-examination by the Village shall not be limited to matters contained in the application. Parties represented by attorneys shall be allowed to cross-examine in the discretion of the Hearing Officer. Other persons shall be allowed to submit questions to the Hearing Officer, who shall exercise discretion in the manner in which such questions are to be posed to witnesses. Sufficient examination of witnesses is to be allowed so as to provide for fundamental fairness.
4. All witnesses shall testify under oath. Testimony may include the use of prepared statements and exhibits. If testimony is by prepared statement, copies of such prepared statements shall be made available at the hearings (or, prior to the first hearing date, at the office of the Village Clerk) at least one (1) day in advance of such testimony being given. All witnesses shall be subject to reasonable examination as follows: direct, cross-examination, redirect and re-cross.
5. Public Comment. The Hearing Officer may exercise discretion to allow public comment at each hearing or may set one time for public comment.

6. Verbal recording shall be made of the public hearing and a written verbatim transcript prepared by a certified court reporter or a certified short hand reporter shall be made available, at cost, upon request. Written transcripts will be provided to all Village Trustees, Village Administrator for the Village, Director of Public Works for the Village, the Village Attorney, and outside counsel retained by the Village to represent its interests during the siting process.
7. Applicant shall submit proof of notification of the public hearing as required in 415 ILCS 5/39.2, and the procedures included in Subparagraph (E) above.

(G) At any time prior to completion by the applicant of the presentation of the applicant's factual evidence and an opportunity for cross-questioning by the Village, and any participants, the applicant may file not more than one amended application. In such a case, the time limitation for final action set forth in the Environmental Protection Act, 415 ILCS 5/39.2(e), as amended, shall be extended for an additional period of 90 days. The Hearing Officer shall, in the Hearing Officer's discretion and to the extent reasonably practicable, permit the Village, the applicant and any other formal participant (party) to file Proposed Findings of Fact and Conclusion of Law.

(H) Submission of Demonstrative Evidence and Exhibits. Any exhibits that a participant, other than the applicant, anticipates using during the public hearing shall be submitted to the Village at least one (1) day prior to its anticipated use. All participants shall submit at least three (3) copies of all exhibits. The Village shall furnish one copy to the applicant.

Members of the public who participate in the public comment time held during the public hearing shall submit any exhibits they expect to use to the Village prior to the time designated for the public to speak. At least three (3) copies of all such exhibits shall be submitted. The applicant shall be provided one (1) of the three (3) copies.

Any additional exhibits to be used by the applicant during the public hearing and not a part of the application shall be submitted at least twenty-four (24) hours prior to their anticipated introduction at the public hearing. Any additional exhibit used by the applicant that in any way materially changes the proposed design, location and/or operation of the facility shall be considered an amendment to the application, and all sections of this Ordinance pertaining to amendments shall take effect.

The time limits for submission of evidence may be waived by the Hearing Officer if he/she determines that the participant could not reasonably have anticipated the use of said exhibit at the time that submission was due.

(I) Between 120 and 180 days of receipt of the application, transcripts from public hearings shall be forwarded to Village Clerk, Village Board of Trustees, Village Administrator, Director of Public Works for the Village, and the Village Attorney for review. Upon the conclusion of the public hearing(s), the Village shall publish in a local newspaper notice informing the public of the deadline for written comments. Written comments submitted to the Village Clerk within 30 days of the final public hearing shall be made a part of the record of proceedings and considered. Copies of all comments received by the Village Clerk shall be forwarded to all Village Trustees, the applicant and the Village Attorney. Copies of comments shall be distributed to the Village Administrator for the Village and other persons upon request.

Additional work sessions and meetings may be held by the Hearing Officer, if necessary, prior to referral of its findings and recommendation to the Village Board of Trustees. All work sessions and meetings shall be open to the public, but may not allow public participation in the work sessions and meetings.

(J) Upon completion of the evidentiary hearing, interested Village Staff shall have thirty (30) days thereafter in which to file their final reports and recommendations with the Hearing Officer. Copies of the final reports shall be available for public inspection in the office of the Village Clerk for three (3) working days prior to the Hearing Officer's decision. Members of the public shall be allowed to obtain a copy of said documents upon payment of the cost of reproduction.

(K) Decisions.

- (1) The hearing officer shall make findings and recommendations, reduce same to writing and submit it to the Village President & Board of Trustees for its decision as the ultimate approval or disapproval of the proposed application.
- (2) The Village Board of Trustees shall make a decision based upon the record from the public hearing and review of the findings and recommendation of the Hearing Officer. The decision of the Village Board of Trustees shall be by duly adopted Resolution, in writing, specifying the reasons for the decision, such reasons to be in conformity with Section 39.2(a) of the Act. In granting site location approval, the Village Board of Trustees of Trustees may impose such conditions as may be reasonable and necessary to accomplish the purposes of the Act, to the extent that said conditions are not inconsistent with the Act and the regulations promulgated by the Illinois Pollution Control Board. Such decision shall be available for public inspection at the office of the Village Clerk, and may be copied upon payment of the cost of reproduction. If there

is no final action by the Village Board of Trustees of Trustees within 180 days after the filing of the application for site location approval, the applicant may deem the application approved.

- (3) Within seven days after the Village Board of Trustees of Trustees approves or denies the application, the decision, and basis for the decision, shall be provided to the applicant in writing, and shall be further forwarded to the Illinois Environmental Protection Agency by the Village Clerk.
- (4) Within 35 days after the Village Board of Trustees approves or denies the application, any appeal of the Village Board of Trustees decision (by applicant, objector, public or anyone affected by the proposal) must be filed with the Illinois Pollution Control Board.
- (5) An applicant may not file an application for site location approval which is substantially the same as a request which was disapproved, pursuant to a finding against the applicant under any criteria of Section 39.2(a) of the Act, within two years of the time of the disapproval.

SECTION 7
EFFECTIVE DATE OF ORDINANCE

This Ordinance shall be in full force and effect upon its presentation, passage and publication according to law.

PRESENTED to the Village Board of Trustees of the Village of East Dundee, Illinois, on the 19th day of June, 2006.

PASSED by the Village Board of Trustees of the Village of East Dundee, Illinois, on the 19th day of June, 2006.

Village Clerk

APPROVED by me as President of said Village of East Dundee, Illinois, on the 19th day of June, 2006.
