

Holiday Lights Recycling Program

The Village of East Dundee, in partnership with Elgin Recycling (www.elginrecycling.com), is accepting holiday lights for recycling now through February 2, 2018.

Residents and businesses can drop-off their unwanted holiday lights at Village Hall, located at 120 Barrington Avenue, Monday through Friday between 8:00 a.m. and 4:00 p.m. A drop-off bin is located in the Village Hall lobby. All colors and lengths of holiday string lighting, including mini-lights, C7 lights, C9 lights, rope lights, LED lights, extension cords, etc. are accepted. Garland, live greens, wreaths or other non-recyclables are not accepted. Last year, Elgin Recycling was able to recycle a total of 103,243 lbs of holiday lights that would otherwise been thrown away.

For questions or more information, please contact Village Hall at 847-426-2822.
