

VILLAGE OF EAST DUNDEE
Public Meeting Notice
and
Invitation

The Village of East Dundee will be hosting a **Downtown Redevelopment Open House** for all residents, property owners, businesses and other interested people to review our proposed concepts and provide their initial thoughts and input as we begin to refine them. The meeting will consist of displays and general information about the plans and opportunities for informal discussions with Village officials, staff and consultants.

Downtown Redevelopment Public Open House
Wednesday, January 9, 2013

Drop by anytime from 5–6:30 p.m.
Dundee Township Visitor's Center (The Depot)
319 N. River Street
East Dundee, IL

Our concepts are directly based on the Downtown Plan adopted in 2008, which was developed with significant input and support of many residents and business owners. Due to recent private and public land acquisitions and developer interest, we are now ready to move forward with the implementation of Phase 1 beginning next spring and summer. Please drop by at your convenience between 5 and 6:30 p.m. to learn more about the concepts and provide your comments and ideas.

For more information, please visit the Depot Square Redevelopment page on the Village website at www.eastdundee.net, or contact either Doug Bergren or Bob Skurla at the Village Hall at **847-426-2822**.
