No examination shall contain questions regarding applicants' political or religious opinions or affiliations. (Ord. 97-25, 10-20-1997)

2-3C-3: TESTS AND FACT SHEETS FOR ORIGINAL APPOINTMENTS:

A. Generally:

1. The commission recognizes that actual tests, weights and procedures employed in the hiring and promoting of candidates are controlled by changing law and technical procedures. To adapt efficiently to this state of affairs, the commission shall separate rules from actual test procedures by the mechanism of the fact sheet.
2. The fact sheet shall be considered a policy statement by the commission for a specific list of eligibles. Although bound by dictates of each individual fact sheet, no fact sheet shall be construed as rules under Illinois Compiled Statutes and may be changed, at the commission's discretion, without public notice, for such legal, technical, professional or practical reasons as the commission may choose. The fact sheet shall become a part of the minutes and records of the commission.
3. Tests employed by the commission shall conform to recognized professional standards and shall give deference to federal, state, and local regulations relative to employment and testing. The commission shall consider and may be guided by controlling authority, be it state or federal, to effect substantial compliance with the law.
4. At the discretion of the commission, tests may be conducted by or with the assistance of such consultants as the commission may appoint.

B. Fact Sheet Usage:

1. The commission shall publish, deliver, and otherwise make available to all candidates a fact sheet of hiring or promotional information at the mandatory orientation prior to the first scored procedure.
2. The fact sheet shall contain such information and guidelines as are normally given and professionally recommended and may include, but shall not be limited

to, the order and type of tests and prerequisites that shall comprise the testing procedure culminating in a list of eligible candidates.

3. The fact sheet shall include each scored or mandatory step of the testing for positions under commission purview, and such weights and passing scores, if any, as are employed in the calculation of the list position.

4. The fact sheet may also include such information as:

- a. Application procedures and consequences, testing dates and locations, required materials or dress.
- b. Necessary prerequisites for employment such as age, education, medical condition, citizenship, etc.
- c. Responsibility for current address, and procedure for notification of results by the commission.
- d. Procedures and deadlines for seeking redress of action.
- e. Conditions of employment such as pay, benefits, probation procedures, waivers of appointment privileges, postemployment residency, and conduct requirements.
- f. Methods of contacting commission, review principles. (Ord. 97-25, 10-20-1997)

C. Examinations and placement upon eligibility registers:

Examinations at the entry level may include, but are not limited to: orientations, physical aptitudes, written, psychological, oral, medical, polygraph deception detection, drug screens, and background investigation. (Ord. 97-25, 10-20-1997). The sequence of testing may vary at the discretion of the Board. Failure to achieve the minimum passing grade in any examination disqualifies the applicant from any further participation. Each weighted component of the examination process shall be based upon a scale of 1 to 100. The commission, at its discretion, may employ a testing vendor(s) to conduct any of the examinations administered pursuant to these rules. Physical Aptitude Test may be given for demonstration purposes or on a pass/fail basis. Certification that a fire fighter candidate has successfully, within the twelve months immediately preceding the administration of the written test, passed the Candidate Physical Ability Test (CPAT), as licensed and approved by the International Fire Chief's Association and the International Association of Fire Fighters, satisfies the candidate's obligation to complete the "physical aptitude test" component of this screening process for firefighter/paramedic.

1. Physical Aptitude Test:

All applicants will be required to submit themselves to a physical aptitude test. Only those candidates who successfully complete the physical aptitude test will be permitted to take the written examination.

2. Written Examinations:

Information as to the type of written examination employed by the commission will be provided as part of the orientation program. All examination papers shall be and remain the property of the commission and the grading thereof by the commission shall be final and conclusive and not subject to review by any other board or tribunal of any kind or description. Candidates who fail to achieve a passing grade will be notified and eliminated from all further consideration. (Ord. 97-25, 10-20-1997)

3. Oral Examination:

A minimum of two (2) commissioners' questions shall be asked of the candidate that will enable the commissioners to properly evaluate and grade the candidate on speech, alertness, ability to communicate, judgment, emotional stability, self-confidence, social skills, and general fitness for the position. On completion of each oral examination, each commissioner will then evaluate the candidate. Each commissioner will then grade the candidate. The candidate's final grade will be the average of the grades assessed by the commissioners. The candidates who fail to successfully complete the oral examination will be notified and eliminated from all further consideration. (Ord. 01-14, 3-5-2001)

4. Background Investigation:

All applicants who have successfully passed the oral examination interview shall submit to a background investigation. This investigation shall require each applicant to execute consent forms to facilitate the investigation. Failure or refusal to execute the required consent forms or pass this investigation shall result in failure of the applicant to be considered further. (Ord. 97-25, 10-20-1997)

5. Polygraph Examination:

All applicants who have successfully passed the background investigation shall submit to a polygraph device deceptive test, commonly known as a lie detector test, as directed by the commission. The failure of the applicant to pass this examination shall result in the failure of the applicant to be considered further. (Ord. 05-03, 2-7-2005)

2-3C-4: ELIGIBLE REGISTERS AND APPOINTMENTS:

The commission shall prepare and keep a register of all eligible applicants. All vacancies to the department shall be filled with the first applicant listed on the register, except as otherwise provided in the act. When the department deems it necessary to fill a vacancy, an offer of employment with the department shall be made to the first applicant on the eligible register, subject to the conditions that the applicant successfully passes the polygraph examination, psychological examination, and medical examination as set forth in section 2-3C-8 of this article. (Ord. 97-25, 10-20-1997; amd. Ord. 05-03, 2-7-2005)
